

# WE ARE HIRING

Join our team

## SHAREPOINT DEVELOPER

We at **Rieckermann Malaysia** are on an exciting journey of growth and are looking for a motivated Office 365 / SharePoint Developer to help us achieve our vision to become “your first choice industrial solution provider”. At Rieckermann, our employees are our most precious asset. We embrace the values Quality, Commitment and Trust, which our colleagues and customers can appreciate in their Rieckermann experience. We welcome ideas and innovative processes that can help us drive our organization further, and encourage learning and growth for your continuous professional development.

Rieckermann is a privately-owned group of companies providing international industrial solutions. We have more than 750 employees at 26 offices in 18 countries spanning Europe, Asia and the Middle East. We have been in business since 1892 and have established ourselves as a leading provider in our core markets and industries. Our service portfolio covers the entire value chain and scope of industrial plant development in 9 industry sectors: from single unit machines and equipment to complete production lines. We deliver high quality, tailor-made solutions in engineering operations, process technologies and technical services. For more information, please visit [www.rieckermann.com](http://www.rieckermann.com)

If you are an excellent SharePoint Developer and would like to grow with us, **please apply by sending your resume to** Mr. Waldemar Reimche at [w.reimche@rieckermann.com](mailto:w.reimche@rieckermann.com)

### Key duties

- Mapping and implementing business processes using SharePoint Online and other Office 365 technologies (such as Teams) including Power Platform.
- Responsible for the technical implementation of projects based on SharePoint technologies as well as integrations to third-party systems.
- Customization and enhancement of the global intranet solution based on SharePoint Online.
- Responsible for the SharePoint environment in terms of design, configuration, development, deployment and support.
- Analyze and estimate new requirements and design new projects in close collaboration with the Corporate Process Coordinator.
- Contact person for evaluation regarding the use of further products from the Office 365 and Azure portfolio (Microsoft Teams, Power Platform, OneDrive, Delve, Stream, etc.).
- Working in a global team and motivated to proactively optimize internal processes together with your colleagues and external partners as well as the latest technologies.

### Key requirements

- Bachelor's Degree in computer science or equivalent.
- Minimum of 3 years of professional experience in SharePoint development.
- Good knowledge of SharePoint technologies (SharePoint Online) and practical experience in working with products from the Office 365 portfolio (specifically MS Teams, SharePoint and the Power Platform).
- Practical experience in implementing SharePoint solutions using Graph API, SPFx, CSOM, Java Script, C#.
- Knowledge of modern web technologies.
- Independent working style, as well as good analytical-conceptual thinking skills.
- A high degree of initiative and customer orientation.
- Very good written and verbal English skills.
